

22-Inch Hotel All-in-One Computer TV

This all-in-one unit combines a 22-inch high-definition LCD screen with computer capabilities. Its design is both concise and elegant, making it suitable for integration into hotel rooms.

Overview

Integrated Hospitality Solution

This 22-inch All-in-One system combines high-definition display capabilities with reliable computing power, specifically designed for hotel environments. It offers a space-saving design that integrates both television and computer functionality into a single unit, enhancing guest convenience. With its stable Intel Atom processing and clear widescreen display, it serves as an efficient tool for hotel entertainment and information services.
