

2200W Portable Gasoline Generator

This gasoline generator delivers 2200 surge watts and 2000 rated watts. It is equipped with an OHV engine, AVR alternator, various outlets, and safety features.

Overview

Reliable Portable Power Solution

This portable gasoline generator is designed for versatile power needs, delivering consistent performance for both 50Hz and 60Hz applications. Featuring a robust 5.5HP, 4-stroke OHV engine, it provides dependable power output suitable for various professional and onsite requirements. With a 15L fuel tank and efficient air-cooling system, this unit is built to support extended operation times while maintaining a manageable noise profile.

Technical Specifications

Engine Type	5.5HP, Single cylinder, 4-Stroke, OHV, Air cooled
Fuel System	Unleaded gasoline
Fuel Tank Capacity	15 L
Noise Level	68 dB(A)

Electrical Characteristics

Phase	Single phase
Power Factor	1
