Product Overview

High-Performance 223cc Gasoline Engine

This 4-stroke gasoline engine is engineered for versatility and reliable power output in demanding environments. Featuring an efficient overhead valve (OHV) design, it delivers consistent performance while maintaining fuel efficiency. Its compact, durable construction makes it an ideal power source for portable equipment such as generators, water pumps, and lawn maintenance machinery.

Technical Specifications

Displacement	223 cc
Rated Power	7.5 HP
Engine Type	4-Stroke, Single Cylinder
Valve Configuration	OHV (Overhead Valve)
Fuel Tank Capacity	3.6 L

Features

Core Features	Recoil Starter, Aluminum Alloy Block, Air-Cooled, High Efficiency
---------------	---

Maintenance & Operation

Operational Highlights

- Easy-to-follow engine start procedure
- Accessible air cleaner for regular maintenance
- Integrated cooling fan with protective cover
