Product Overview

High-Performance 2600W Angle Grinder

This 230mm electric angle grinder is engineered for heavy-duty grinding and cutting applications in professional construction and metalworking environments. Powered by a robust 2600W motor, it delivers efficient material removal while maintaining a consistent no-load speed of 6500rpm. The tool features an ergonomic design with a side handle and a specialized rubberized grip to ensure maximum control, comfort, and safety during extended operational periods.

Technical Specifications

Input Power

2600 W

Power Rating

No-Load Speed 6500 rpm

Wheel Diameter 230 mm

Electrical

Voltage Compatibility 110-120V, 220-240V

Frequency 50/60Hz

Features

Key Features

- Spindle lock for quick wheel changes
- Integrated cooling vents for heat dissipation
- Ergonomic rubberized handle
- Durable high-impact body construction
- Adjustable wheel guard
