

23AWG UTP CAT6 Cable for Data Networking

High performance unshielded twisted pair (UTP) CAT6 cable, constructed with 23AWG conductors for enhanced signal transmission. Designed to meet or exceed industry standards for data networking applications.

Product Overview

High Performance CAT6 Networking Solution

This 23AWG UTP CAT6 cable is engineered for high-performance data networking applications. Designed to meet or exceed industry standards, it supports reliable high-speed Ethernet and Gigabit Ethernet connectivity. The cable features color-coded insulation to streamline installation and identification, making it a robust choice for professional networking infrastructure.

Technical Specifications

Cable Type	UTP (Unshielded Twisted Pair)
Conductor Gauge	23 AWG
Category	CAT6

Compliance & Standards

Certifications	RoHS
----------------	------

Applications

Supported Applications

- High-speed Ethernet
- Gigabit Ethernet
- General Data Communication
