

24-Hour Mechanical Timer Outlet with Grounded Pin

This mechanical timer outlet automates the on/off cycles of electrical devices. It features a rotating dial with 24-hour markings and adjustable segments to set desired operating times.

Product Overview

Reliable 24-Hour Automation

This mechanical timer outlet provides a robust solution for automating electrical devices with a 24-hour cycle. Designed with safety and durability in mind, it features an IP44 rating suitable for outdoor environments and includes a children's protector for added security. With the ability to set up to 48 on/off cycles per day, it is an ideal tool for energy management and appliance control.

Technical Specifications

Electrical Ratings

16 A

Rated Current

230 V

Voltage

50 Hz

Frequency

Timing Capabilities

- Min. Setting time: 15 minutes
- Max. Setting time: 24 hours
- 48 ON/OFF cycles per day

Physical & Safety

Usage Environment

Outdoor

Design Notes

- Without indicator light
- Without switch knob

Dimensions

82 x 81 x 130 mm

Safety Features

IP44 Rated, Grounded Pin, Children Protector
