Overview

Versatile 24-in-1 Folding Multi-Tool

This compact 24-in-1 multi-tool is engineered for maximum utility in a portable form factor, featuring a durable aluminum handle and alloy steel components. It combines a comprehensive set of SAE nut drivers with an extensive selection of screwdriver bits, making it an essential companion for on-the-go repairs and maintenance. The foldable design ensures all components are stored securely, while the magnetic retention system provides ease of use during high-torque tasks.
