

2.4HP Horizontal Gasoline Engine

This gasoline engine starts quickly with a simple pull and offers steady, reliable performance for extended operation. The engine features an advanced OHV design, enhancing overall performance.

Overview

Compact and Reliable Power

This horizontal gasoline engine utilizes an advanced OHV design to deliver efficient, reliable performance for various industrial and machinery applications. It is engineered for durability and longevity, featuring a user-friendly design that ensures easy starting and consistent operation. With multiple PTO shaft options and flexible starting systems, this engine provides a versatile and economical solution for your power needs.

Performance Metrics

Key Performance Indicators

2.65 hp

Max Output

0.46 kg/m

Max Torque

3600 rpm

Rated Speed

Technical Specifications

Engine Specifications

Feature	Value
Model	M154
Displacement	87 cc
Compression Ratio	7.8:1
Ignition System	TCI
Air Cleaner	Dual silent (Semi-dry)

Dimensions and Weight

Parameter	Metric	Imperial
Dimensions (L*W*H)	286*305*285 mm	11.2*12.0*11.2 inch
Net Weight	10 kg	22.05 lbs

Operational Details

Starting System

Recoil Start • Electric Start (Optional)

Fuel and Oil Capacity

- Fuel Capacity: 1.7 L (0.45 US.Gal)
- Oil Capacity: 0.4 L (0.11 US.Gal)

Noise Level: 65 dBA
