Overview

Professional Cordless Performance

This 24V cordless drill screwdriver is engineered for versatility and reliability in demanding work environments. Featuring a high-performance lithium-ion battery system, it offers extended runtime and quick 1-hour charging capabilities. Designed with user convenience in mind, it includes variable speed control, an integrated LED work light, and a belt clip for efficient high-altitude operation.

Technical Specifications

Voltage	24 V
Battery Type	Lithium-ion
Quick Charge Time	1 hour
Gearbox Type	Two speed powder metallurgy

Features

Key Features

- Built-in LED light for low-light environments
- Short circuit protection
- Battery capacity indicator
- Automatic battery ejection function
- Integrated belt clip for high-altitude work

Packaging & Logistics

Storage	Blow Molded Case (BMC)
