

250cc Gas Powered Dirt Bike Motorcycle

This dirt bike motorcycle is designed for both on and off-road use. It features a high-performance engine, durable suspension, and rugged tires for optimal performance in various terrains.

Overview

High-Performance 250cc Dirt Bike

This 250cc gas-powered motorcycle is engineered for versatility, offering robust performance for both on-road and off-road environments. Featuring a reliable 4-stroke, air-cooled engine and a durable suspension system, it provides riders with responsive handling and consistent power. With a maximum speed of 100 km/h and an efficient fuel consumption rate, it is an ideal choice for riders seeking a balance of power and economy.

Engine & Performance

Key Performance Metrics

229 ml

Displacement

11.5 kW

Max Power

100 km/h

Max Speed

Engine Specifications

- Single-cylinder, 4-stroke
- Air-cooled
- Bottom camshaft
- Max Torque: 17 N.M @ 5500 r/min
- Ignition: CDI
- Start mode: Electric/Kick
