

255mm Mitre Saw 1650W

This mitre saw has a blade diameter of 255mm and an input power of 1650W. It operates at a no-load speed of 5000r/min and weighs 11kg.

Product Overview

High-Performance Mitre Saw

This 255mm mitre saw is engineered for precision and efficiency in professional woodworking and construction environments. With a robust 1650W motor and a high-speed blade, it delivers clean, accurate cuts across various materials. Its lightweight 11kg design ensures portability without compromising on stability, making it an ideal choice for job sites and workshops requiring consistent, reliable performance.

Technical Specifications

Input Power	1650 W
Blade Diameter	255 mm
No Load Speed	5000 r/min
Voltage/Frequency	220V-240V / 50Hz
Weight	11 kg

Cutting Capacity

Cutting Capacity Details

Angle	Capacity (mm)
90°	93 x 95
45°	93 x 67
