Overview

High-Performance Diesel Generator Set

This industrial-grade diesel generator set offers a versatile power range from 25kVA to 2750kVA, making it suitable for a wide array of prime and standby power applications. Engineered for reliability and efficiency, the unit features a robust construction and advanced cooling systems to ensure consistent performance. With options for both 50Hz and 60Hz operation, this generator provides a dependable energy solution for commercial and industrial facilities.

Performance Metrics

Standby Output

110 kW

Standby Power

137.5 kVA

Standby Output

Prime Output

100 kW

Prime Power

125 kVA

Prime Output

Technical Specifications

Insulation Class H/H	
Rated Voltage	400/230V
Rated Frequency	50 Hz
Rated Current	180 A
Power Factor	0.8
Start-up Time	5.5 s

Equipment Features

Standard Components <ul style="list-style-type: none">• Radiator 50°C max• Belt-driven fans with safety guard• 24V charge alternator• Dry type air filter• Fuel filter• Oil filter• Single bearing alternator• Main line circuit breaker• Standard control panel• Absorber• Muffler	
Protection Rating	IP23
