

25KVA Soundproof Diesel Generator Set

This 25KVA soundproof diesel generator set delivers reliable and efficient power. Its sound-attenuating enclosure minimizes noise, making it suitable for use in noise-sensitive environments.

ADDITIONAL IMAGES

Overview

Reliable Power Generation

This 25KVA soundproof diesel generator set is engineered for consistent and stable power output, suitable for both prime and backup applications. Encased in a robust, sound-attenuating enclosure, it effectively minimizes noise pollution for use in sensitive environments. The unit features an advanced digital control system and automatic transfer switch (ATS) capability, ensuring seamless transitions during power outages.

Performance Metrics

Rated Power

25 KVA

Power Output

50 Hz

Frequency

Key Features

Core Features

- Soundproof enclosure for noise reduction
- Automatic Transfer Switch (ATS) enabled
- Automatic Voltage Regulation (AVR)
- Digital control panel monitoring
- Comprehensive protection systems (overload, overcurrent, low oil pressure)

Certifications

ISO9001, CE

Control System

Controller Specifications

Feature	Status
Controller Brand	LIXiSE
Indicators	City Electricity, Generating
Monitoring	Voltage, Current, Frequency, Operating Hours
