

## 2.5kW Portable Gasoline Generator

This 2.5kW gasoline generator features a 170F engine, ensuring reliable power output. It is equipped with an AVR voltage regulator and an engine oil warning system for safe operation.

### Overview

#### Reliable Portable Power Solution

This 2.5kW portable gasoline generator is engineered to provide consistent and reliable backup power for a variety of professional and recreational applications. Featuring a robust 7.5HP engine and a durable protective frame, it is built to withstand demanding environments while remaining easy to transport. Equipped with dual 120V AC outlets and an integrated voltmeter, this unit ensures safe and efficient power delivery for your essential electrical devices.

### Technical Specifications

#### Rated Power Output

**2.5 kW**

Rated Power

|                   |        |
|-------------------|--------|
| Engine Power      | 7.5 HP |
| AC Voltage Output | 120V   |
| Amperage Rating   | 20 A   |

### Features & Controls

#### Control Panel Features

- Engine Switch
- Voltmeter
- Dual AC Outlets

|                   |  |
|-------------------|--|
| Safety Indicators | Oil Level Warning, Durable Protective Frame, Overload Protection |
|-------------------|--|
