

2.5L Food Blender with Speed Control

This food blender features a clear 2.5L jug and a grey base. It is equipped with an on/off switch, a low/high speed dial, and a pulse function.

Product Overview

Versatile Commercial-Grade Mixing

This dual-purpose mixer is engineered for both household and commercial environments, offering robust performance for diverse culinary tasks. It excels at processing meat, beans, and wet ingredients with ease. Designed for efficiency, it combines high rotational speeds and significant power output with noise-reduction technology to maintain a professional workspace.

Technical Specifications

Maximum Capacity	2.5 L
Model Number	SSL-1680
