

25mm Ratchet Tie-Down Strap with S-Hooks

This heavy-duty ratchet tie-down strap is designed for securing cargo during transport. It features a durable woven polyester webbing and a robust ratchet mechanism with S-hooks for easy tightening and secure load control.

Product Overview

Professional Cargo Security

This heavy-duty ratchet tie-down strap is engineered for reliable cargo securing during transport. Featuring durable woven polyester webbing, it offers exceptional strength and resistance to abrasion for long-lasting performance. The integrated robust ratchet mechanism ensures easy tightening and secure load control, while the S-hooks provide quick and reliable attachment points.

Technical Specifications

Webbing Width	25 mm
Material Features	Woven Polyester, Abrasion Resistant, High Strength
Attachment Hardware	S-Hooks

Application

Ideal Applications

- Securing loads on trucks
- Trailer cargo management
- Warehouse organization
