

26-inch Full Suspension Mountain Bike - 18-Speed

This 26-inch mountain bike is equipped with a full suspension system. It features 18 speeds, providing versatility for various terrains.

Overview

Versatile 18-Speed Full Suspension Mountain Bike

This 26-inch mountain bike is engineered for off-road performance, featuring a full suspension steel frame and fork that provides enhanced shock absorption on uneven terrain. Equipped with a reliable Shimano 18-speed drivetrain and indexed shifts, it offers precise gear transitions for various climbing and descending needs. The combination of alloy V-brakes and rugged 26-inch tires ensures controlled handling and stopping power for professional B2B sourcing requirements.
