

26cc Gasoline Brush Cutter with Anti-Vibration System

This 26cc brush cutter features a primer bulb for easy starting and an effective anti-vibration system. It also has a combination throttle/switch structure and auto feed nylon head.

Product Overview

Professional Performance Brush Cutter

This 26cc gasoline-powered brush cutter is engineered for demanding landscaping tasks, offering a robust solution for clearing tough grass and heavy brush. Featuring a straight shaft design and a solid drive shaft, it ensures efficient power transfer and long-term durability in challenging environments. The integrated anti-vibration system and ergonomic bike handle design prioritize operator comfort, making it suitable for extended professional use across large areas.

Technical Specifications

Engine Displacement

26 cc

Displacement

Engine Type

2-stroke gasoline engine

Design & Ergonomics
