

26cc Gasoline Pole Chainsaw for Tree Pruning

This gasoline pole chainsaw features a 26cc engine for powerful cutting performance. Its pole design provides extended reach for trimming and pruning branches without a ladder.

Product Overview

Professional Pruning Performance

This 26cc gasoline-powered pole chainsaw is engineered for efficient tree pruning and maintenance. Designed to reach high branches safely without the need for ladders, it combines a robust engine with a reliable cutting system. The ergonomic design and adjustable strap ensure operator comfort during extended use, making it an essential tool for professional landscaping.

Engine Performance

Engine Capabilities

26 cm³

Displacement

0.75 kW

Max Power

10500 /min

Max Revolution

Idling Speed

3000 /min

Fuel & Lubrication

Fuel Specifications

- Fuel Ratio: 40:1 (Petrol:Oil)
- Tank Capacity: 400ml
- Fuel Type: Unleaded E10
- Oil Type: 2-cycle motor oil (2T FC)

Chain Oil Capacity

150 ml

Cutting System

Cutting System Details

Feature	Specification
Max Cutting Length	180mm
Guide Bar Length	8 inch
Chain Pitch	9.525mm (3/8")
Drive Sprocket	7 teeth

Physical & Safety

Dry Weight	5.3 kg
Noise Levels	Sound Pressure: 80.4 dB(A), Guaranteed Sound Power: 112 dB(A)
Max Vibration	10.22 m/s ²

Maintenance

Spark Plug Details	Torch L8RTC (Gap: 0.6-0.7mm)
