

29-inch Mountain Bike with Disc Brakes

This 29-inch mountain bike is equipped with a Shimano 21-speed drivetrain for versatile riding. Mechanical disc brakes provide reliable stopping power in various conditions.

Overview

Built for Trail Performance

This 29-inch mountain bike is engineered for versatility across varied off-road terrains. Featuring a durable alloy frame and a 100mm travel suspension fork, it effectively absorbs trail impacts for a smoother ride. With reliable mechanical disc brakes and a 7-speed Shimano drivetrain, riders gain precise control and efficient power transfer for both steep climbs and fast descents.
