

2kW Gasoline Generator

This gasoline generator provides reliable power for various applications. It features a robust engine, a durable frame, and user-friendly controls.

Overview

Reliable 2kW Power Solution

This 2kW gasoline generator is engineered to provide dependable power for a wide range of professional and residential applications. Featuring a robust engine and a durable frame, it ensures consistent performance in various environments. With an integrated Automatic Voltage Regulator (AVR), it delivers stable power output, making it safe for sensitive electronics while offering user-friendly controls for easy operation.

Performance Specifications

Rated Output

2 kW Rated Output	2.2 kW Max Output
-----------------------------	-----------------------------

Electrical Parameters

Parameter	Value
Rated Voltage	230V
Rated Frequency	50Hz
DC Output	12V/8.3A

Features & Controls

Key Features	AVR Stable Voltage, Circuit Breaker, Voltmeter, DC Reset, Compact Design
Engine Model	DK168F-1
