### Product Overview

#### Versatile Climate Control Solution

This innovative 3-in-1 device seamlessly integrates a humidifier, fan, and heater into a single, compact unit designed for year-round comfort. Featuring efficient PTC heating technology and adjustable settings, it offers a safe and customizable environment for bedrooms, offices, or small personal spaces. With added convenience features like a leather handle for portability and essential safety mechanisms, this unit provides a reliable solution for maintaining optimal air quality and temperature.

### Technical Specifications

#### Power Specifications

**50 W**

Power Consumption

**110 V**

Voltage Range Min

**240 V**

Voltage Range Max

Operating Frequency

50/60Hz

### Features & Functionality

Core Functions

Humidification, Heating, Cooling Fan

Speed Control

3 levels

## Safety & Design

### Safety Mechanisms

- PTC Heating Element
- Overheat Protection
- Tip-Over Switch Protection
- Temperature Sensor

### Design Highlights

Leather Handle • Compact Size • Separate Function Usage
