

3-Inch Gasoline Sewage Pump

This 3-inch gasoline sewage pump is designed for efficient water transfer and dewatering. It features a robust engine and durable construction for reliable performance in demanding environments.

Overview

High-Performance Gasoline Sewage Pump

This 3-inch gasoline-powered sewage pump is engineered for efficient water transfer and demanding dewatering applications. Featuring a robust 7.0 HP engine, it delivers reliable performance for construction sites, agricultural operations, and wastewater management. The self-priming design and open impeller configuration allow for effective handling of solids and debris, minimizing maintenance and ensuring consistent operation.

Performance Metrics

Flow Rate

60 m³/h

Flow Capacity

Suction Height	7 m
Lift Height	30 m

Engine Specifications

Engine Power	7 HP
Displacement	208 cc
Engine Oil Capacity	0.6 L
Fuel Tank Capacity	3.6 L

Technical Details

Connection Size	80mm (3 inches)
Pump Type	Self-priming

Physical Dimensions

Gross Weight	37.5 kg
Dimensions (L x W x H)	605 x 440 x 435 mm

Features

Key Features	Easy Operation, Low Oil Consumption, Self-Priming, Solids Handling
