

3-Inch Iron Casting Water Transfer Pump

This 3-inch iron casting pump is designed for efficient water transfer. It features a durable construction and a robust frame for stability and portability.

Product Overview

Professional Water Transfer Solution

This 3-inch iron casting water transfer pump is engineered for heavy-duty performance in demanding environments. Designed for efficient clean water movement, its robust construction ensures stability and long-term reliability. It is an ideal solution for agricultural irrigation, construction site management, and emergency water removal operations.

Technical Specifications

Pump Size	3 inch
Pump Type	Non Self-priming
Material	Iron Casting
Power Source	Diesel
Ideal Applications	Irrigation, Construction, Emergency Water Removal
