Product Overview

High-Performance 3-Inch Diesel Water Pump

This 3-inch recoil start diesel water pump is engineered for high-efficiency water transfer in demanding agricultural and industrial environments. Featuring a robust diesel engine and a durable pump housing, it provides reliable performance for irrigation, dewatering, and general drainage needs. Its sturdy frame construction ensures both protection and ease of transport for versatile field use.

Core Performance

Key Performance Metrics

3 inch

Inlet/Outlet Diameter

1 Diesel

Engine Type

Technical Specifications

Starting System	Recoil Start
Engine Category	Robust Diesel Engine

Applications

Primary Applications

- Agricultural Irrigation
- Industrial Water Transfer
- Dewatering and Drainage
- General Water Pumping

Compliance & Quality

Quality Certifications

CE • ISO 9001:2008

Design Features

Construction Features

- Durable pump housing for extended service life
- Sturdy protective frame
- Portable design for ease of transport
- Reliable recoil mechanism
