

3-Meter Auto-Lock Tape Measure

This tape measure is designed for both professional and DIY use. It features a high-impact ABS case and an auto-lock mechanism for convenient single-handed operation.

Product Overview

Professional Auto-Lock Measuring Tool

This 3-meter tape measure is designed for reliability and convenience in professional work environments. It features a robust, impact-resistant ABS housing that ensures longevity even with frequent use. The integrated auto-lock system allows for effortless, single-handed operation, while the smooth recoil motion keeps the workspace tidy and efficient.
