

## Technical Specifications

 <p>LAY5-BG21</p>	LH position	N/O		2 Position with key stay put	LAY5-BG21	
	LH and RH position			2 Position with key spring return	LAY5-BG41	
	LH position	N/O + N/C		2 Position with key stay put	LAY5-BG25	
	LH and RH position			2 Position with key spring return	LAY5-BG45	

Technical configuration guide for key selector switch operations.

### Mechanical Life

**500000 cycles**

Selector Switch

### Electrical Life

**250000 cycles**

Selector Switch

Rated Insulation Voltage	600 V
Conventional Heating Current	10 A
Insulation Resistance	e5M©
Contact Resistance	d25n©

## Compliance & Standards

### Industry Standards

GB/T14048.1 • IEC60947-5-1 • EN60947-5-1

### Certifications

CE, ISO 9001, RoHS, UL

## Mounting & Dimensions

### Mounting Details

- M22 mounting thread
- 28mm head diameter
- 29mm base width
