Product Overview

Reliable HVAC Control

This 1-pole definite purpose contactor is engineered for robust performance in HVAC, refrigeration, and heating systems. Designed for 30 Amp operation, it provides reliable switching and control of electrical circuits in response to control signals. Built for efficiency and safety, this component is a standard solution for air conditioning equipment maintenance and manufacturing.

Electrical Specifications

Rated Current

30 A

Rated Current

Coil Voltage 24-277V

Frequency 50 Hz

Mechanical Specifications

Number of Poles 1

Phase 1-Phase

Quality & Logistics

Quality Assurance

- 100% self-inspection
- Testing before packing

Service Terms OEM Available, ODM Available

Delivery Time 15-20 days after deposit
