Overview

High-Efficiency 30-Inch Induction Cooktop

This 30-inch built-in induction cooktop features four independent cooking zones, designed for modern kitchens requiring high energy efficiency and precise temperature control. Built with durable Schott/Kanger ceramic glass and advanced half-bridge PCB technology, this unit offers reliable performance for various cooking methods, including frying, boiling, and grilling. Safety is prioritized with features such as child lock, auto-pan detection, and residual heat indicators.

Technical Specifications

Glass Dimensions	760 x 520 x 4 mm
Cutout Dimensions	730 x 490 mm
Unit Weight	15 Kg
Total Power Rating	7400 W
Voltage Range	200-240 V

Cooking Zones

Cooking Zones Configuration

Zone	Nominal Power	Diameter
Left Front	2300W/3000W	210mm
Left Rear	1300W/1600W	160mm
Right Front	1300W/1600W	160mm
Right Rear	1800W/2300W	180mm

Safety & Features

Safety Features

Child Lock • Auto Pan Detection • Automatic Turn-Off • Residual Heat Indicator • Overheating Protection • Water Over-flow Protection

Expected Lifespan

10 years
