Product Overview

Terminator		Motor Power	3000 Watts
		Rated Voltage	72V
		Battery Type	ROTOM® Li-Ion Intelligent Integrated
		Capacity	72v26ah 72v35ah
		Battery Weight(kg)	13.6/18.5kg
		Range(km)	65/70km
		Charging Time(hour)	6-8 hours
		Fast charging (hour)	1.5h
		Charger Input(v)	110-220V
		Max Speed(km/h)	70km/h
		Front Break	270*3.5 disc
		Rear Break	240*3.5 disc
		Dimension(mm)	2240*870*1150mm
		Wheelbase(mm)	1470mm
		Front Tyre	2.5-16
		Rear Tyre	3.5-16
N.W.(kg)(without battery)	95kg		
G.W.(kg)(without battery)	120kg		
	40'HQ(units)	75units	

The electric chopper features a 3000W motor and high-capacity Li-Ion battery system for reliable urban performance.

Classic Style Meets Electric Performance

This electric chopper motorcycle combines the timeless aesthetic of a vintage cruiser with a powerful 3000W to 5000W hub motor for silent, efficient operation. Designed for both comfort and safety, it features a wide cushion for long-distance riding and dual fog lamps for enhanced visibility in adverse conditions. With its robust frame and modern hydraulic disc brakes, it offers a sustainable and stylish solution for urban commuting and leisure rides.
