

300x300mm 14W LED Panel Light

The LED panel light offers efficient and uniform illumination, making it ideal for various indoor applications. Its durable build and low maintenance requirements make it a reliable lighting solution for commercial and residential spaces.

Product Overview

Professional LED Panel Lighting

This 300x300mm LED panel light is designed for high-intensity, energy-efficient illumination in commercial and institutional settings. Featuring a slim 14mm profile and a 50,000-hour lifespan, it offers a durable, low-maintenance lighting solution that integrates seamlessly into ceilings. Its soft, uniform light output makes it an ideal choice for offices, hotels, shopping malls, and schools.

Technical Specifications

Power Consumption	14 W
Operating Voltage	AC100-240V
Power Factor (PF)	0.9
LED Type	3528SMD
CRI	70
Color Temperature Range	3000K - 7000K

Performance Metrics

Lumen Output

900 lm

Cool White

835 lm

Pure White

700 lm

Warm White

Physical Dimensions

Dimensions	298 x 298 x 14 mm
Net Weight	1.5 kg
Outside Packing Size	402 x 364 x 85 mm

Operational Environment

Operating Temperature	-20 to +40 °C
Lifespan	50000 Hours

Applications

Suitable Environments	Meeting Rooms, Hotels, Factories, Offices, Schools, Shopping Malls
