

3.0kW/3.5kW Inverter Generator

This inverter generator provides 3.0kW continuous power and 3.5kW peak power. Its compact design and low-noise operation make it ideal for camping, tailgating, and emergency backup.

Overview

Clean Power for Sensitive Equipment

This inverter generator provides clean and reliable power output designed for both sensitive electronics and demanding tools. With a 3.0kW continuous power rating and a 3.5kW peak capacity, it delivers stable, consistent energy delivery through advanced inverter technology. Its compact, lightweight architecture and low-noise operation make it an ideal solution for emergency backup, camping, and professional site applications.

Features

Key Features

- Advanced inverter technology for stable power
- Compact and lightweight design
- Low-noise operation
- Multiple power outlets

Applications

Ideal Use Cases

Sensitive Electronics, Camping, Tailgating, Emergency Backup
