

30L Digital Ultrasonic Cleaner

This industrial ultrasonic cleaner features a digital timer and heater with LCD control for easy operation. Its stainless steel tank ensures durability and resistance to rust.

Overview

Professional 30L Ultrasonic Cleaner

This 30-liter digital ultrasonic cleaner is engineered for high-efficiency cleaning in commercial and industrial environments. Utilizing 40kHz ultrasonic waves, it generates cavitation bubbles that penetrate deep into intricate components to remove contaminants effectively. The unit features a durable stainless steel tank, precise digital controls for time and temperature, and a convenient drain valve for streamlined maintenance.

Technical Specifications

Ultrasonic Frequency	40 kHz
Ultrasonic Power	600 W
Heating Power	500 W
Timer Adjustment	0 - 30 minutes
Temperature Control	Ambient - 80°C

Dimensions & Capacity

Unit Dimensions

Component	Dimensions (mm)
Tank Size	500 x 300 x 200
Unit Size	530 x 330 x 350
Package Size	635 x 400 x 440

Tank Capacity	30 L
