

32-Ton Hydraulic Bottle Jack

This heavy-duty hydraulic bottle jack is designed for lifting heavy loads. It features a robust construction, a safety valve to prevent overloading, and a compact design for easy storage.

Product Overview

Industrial Strength Hydraulic Lifting

This 32-ton hydraulic bottle jack is engineered for professional lifting applications in automotive, construction, and heavy industrial environments. It features a robust, heavy-duty construction that ensures reliability during intense operations. With a compact design, the unit combines portability with high performance, offering a stable and secure platform for challenging maintenance or repair tasks.

Technical Specifications

Lifting Capacity

32 ton

Maximum Load

Safety and Compliance

Overload Protection, Integrated Safety Valve, Heavy-duty Construction

Application

Recommended Use

- Automotive maintenance
- Construction site lifting
- Industrial equipment repair
