Overview

Healthy & Efficient Cooking Solution

The AF-611 Electric Air Fryer utilizes rapid air circulation technology to provide a healthier alternative to traditional deep frying, requiring little to no oil. Its 3.2L capacity and adjustable temperature settings ranging from 175°F to 400°F make it a versatile addition to any professional or home kitchen. Designed for convenience, it features a non-stick detachable pot and a compact footprint suitable for any countertop.
