Overview

Dual Fuel Power Versatility

This portable inverter generator offers reliable power for both recreational and emergency needs, supporting both gasoline and LPG fuel sources. Featuring inverter technology, it provides stable, clean power suitable for sensitive electronics. Designed for efficiency, it includes an ECO mode and parallel operation capabilities for increased power demands.

Engine Specifications

Feature	Detail
Displacement	193cc
Type	4-Stroke, OHV
Cooling	Air Cooled
Starting System	Recoil + Electric

Fuel Tank Capacity: 6.8 L

Features

Key Features: Dual Fuel, Inverter Technology, ECO Mode, Parallel Capable, Low Oil Shutdown, Overload Protection

Connectivity

Output Ports

- 120V 30A RV Outlet
- 120V 20A Outlet
- 12V DC Outlet
- USB Ports
