Product Overview

Compact 33L capacity designed for optimal wine preservation.

Premium 33L Thermoelectric Wine Storage

This 33L thermoelectric wine cooler is an eco-friendly storage solution designed to hold up to 12 standard bottles. Utilizing advanced thermoelectric technology, it operates with low noise and zero vibration, ensuring your wine's sediment remains undisturbed for optimal aging. Its sleek design, featuring a mirror glass door and interior LED lighting, makes it a sophisticated addition to any professional or home environment.

Technical Specifications

Unit Dimensions (W*H*D)	252 * 616 * 515 mm
Packing Dimensions (W*H*D)	295 * 675 * 548 mm
Voltage / Frequency	110V or 220V / 50~60Hz

Design & Features

Intuitive touch controls and a reflective mirror glass door for a modern aesthetic.

Contoured chrome-plated racks securely hold up to 12 standard wine bottles.

Energy-efficient LED lighting showcases your collection without adding heat.

Core Features

- Mirror Glass Door
- Low Noise Operation
- Interior LED Lighting
- Chrome-plated Wire Racks
- Digital Temperature Display
- Adjustable Thermostat
- Eco-Friendly & Low Power Consumption

Cooling Technology	Thermoelectric (Non-compressor)
