

3.5-inch External HDD Enclosure

This external HDD enclosure is designed to house a standard 3.5-inch hard disk drive. It features ventilation slots for optimal heat dissipation and supports high-speed data transfer via USB.

Product Overview

Professional Storage Solution

This 3.5-inch external HDD enclosure is engineered for reliability and performance, providing a robust housing for standard desktop hard drives. Featuring a sleek, professional black aesthetic with integrated ventilation, it ensures optimal heat dissipation during extended operation. The included vertical stand maximizes desk space, making it an ideal choice for businesses looking to expand storage capacity or implement secure data backup workflows.

Technical Specifications

Drive Compatibility	3.5-inch HDD
Interface	USB

Design & Build

Color	Black
Key Features	Ventilation Slots, Vertical Stand Included, Heat Dissipation

Applications

Primary Use Cases

- Data Backup
- Storage Capacity Expansion
- External Drive Housing
