

# 3500W Portable Inverter Generator

This portable inverter generator delivers clean and quiet power suitable for sensitive electronics. It features multiple AC, DC, and USB outlets for versatile connectivity and is equipped with safety features like overload protection and low oil shutdown.

## ADDITIONAL IMAGES

## Product Overview

### Reliable Portable Power Solution

This 3500W portable inverter generator is engineered to provide stable, clean power suitable for sensitive electronics and professional applications. Featuring a 4-stroke forced-cooled engine and dual starting systems, it offers a balance of performance and convenience. With a compact design and efficient fuel consumption, it is an ideal choice for mobile power needs, emergency backup, or remote work sites.

## Performance & Power

### Power Output

**3.5 KVA**  
Max Power

**3 KVA**  
Rated Power

**50 Hz**  
Frequency

### Supported Voltages

120V, 220V, 240V

## Engine & Technical

### Engine Specifications

Parameter	Value
Engine Type	4-stroke, forced-cooled
Engine Model	170F
Displacement	212 ml
Ignition System	Non-contact TCI

### Starting Methods

Manual • Electric

## Operation & Efficiency

### Fuel & Runtime

- Fuel Tank Capacity: 10 L
- Fuel Consumption: 1.2 L/hr
- Continuous Operating Time: 14 hr

### Noise Level

60 dB

## Physical & Logistics

### Physical Dimensions

- Net Weight: 45 kg
- Dimensions: 520 x 440 x 455 mm

### Container Load Capacity

Container Type	Quantity
20GP	192
40GP	416
40HQ	624
