

350ml Steel Pump Oiler

This pump oiler has a 350ml capacity. It features a high-quality steel bottle construction.

Product Overview

Professional Grade Pump Oiler

This 350ml hand pump oiler is designed for professional use, featuring a high-quality rust-resistant steel construction for long-term durability. It comes equipped with a flexible metal spout, allowing for precise lubrication in hard-to-reach areas. The inclusion of a durable brass pump ensures reliable and consistent performance in demanding workplace environments.
