

355mm Cut-Off Wheel

Cut-off wheel designed for various cutting applications. It is available in a 355mm size with a maximum RPM of 3,500.

Overview

High-Performance A30PBF Cut-Off Wheel

This professional-grade A30PBF cut-off wheel is engineered for precision and durability in heavy-duty cutting applications. Designed for industrial use, it offers reliable performance across various metalworking tasks. The wheel is available in multiple diameters to suit different cutting equipment requirements.

Technical Specifications

Available Diameters

- 305mm (12 inch)
- 355mm (14 inch)
- 405mm (16 inch)

Performance Metrics

Diameter	Max RPM
305mm (12")	4000
355mm (14")	3500
405mm (16")	3000

Material Grade

A30PBF

Compliance & Origin

Country of Origin

Made in China
