

355mm Electric Cut-Off Saw with 2500W Motor

This electric cut-off saw is equipped with a 355mm abrasive wheel and a robust 2500W motor. It is designed for precise and clean cuts in various industrial and construction applications.

Overview

High-Performance Cut-Off Saw

This 355mm electric cut-off saw is engineered for demanding industrial and construction environments, featuring a robust 2500W motor for efficient material processing. It is designed to deliver precise, clean cuts through metal and other heavy-duty materials with ease. The unit includes a sturdy base for stability, an adjustable fence for angle accuracy, and a quick-release vise for secure workpiece management.

Technical Specifications

Input Power	2500 W
No Load Speed	3600 rpm
Voltage Options	110-120V, 220-240V
Frequency	50/60Hz

Cutting Capabilities

Blade Diameter	355 mm
Arbor Size	25.4 mm

Features

Key Features

- Robust 2500W motor
- Adjustable fence for angle cuts
- Quick-release vise
- Sturdy base for stability
- Ergonomic handle
