

3.5L Electric Air Fryer with Digital Display

This electric air fryer is designed for efficient and healthy cooking. It features an LED display for temperature and time control, multiple preset cooking programs, and a non-stick coated basket.

Product Overview

Efficient Digital Air Fryer

This 3.5L electric air fryer offers a modern, healthy cooking solution for household kitchens. Featuring an intuitive LED display and touch controls, it allows for precise temperature and time management to achieve optimal results. Its advanced air circulation technology ensures even cooking with minimal oil, while the non-stick, detachable basket simplifies the cleaning process.

Technical Specifications

Power Output

1450 W

Power

Capacity	3.5 L
