Product Overview

High-Performance Lithium-Ion Power

This versatile 36V Lithium-Ion battery pack series is engineered for professional power tools, offering reliable energy delivery for demanding cordless applications. Available in multiple capacity configurations ranging from 2.5Ah to 20Ah, these batteries are designed for extended run times and rugged durability. Each unit features an integrated charge level indicator, allowing users to monitor battery status in real-time during operation.

Technical Specifications

Available Capacities

- 2.5Ah
- 5.0Ah
- 5.4Ah
- 7.5Ah
- 20Ah

Voltage	36 V
Battery Chemistry	Lithium-Ion (Li-ion)

Compatibility

Compatibility	40-Volt Max Products, 40-Volt Max Chargers
---------------	--

Features

Key Features

Charge Level Indicator • Rugged Construction • Extended Run Time
