

3U Compact Fluorescent Lamp

This compact fluorescent lamp features a 3U-shaped glass tube design. It provides bright, consistent light while consuming less energy than traditional incandescent bulbs and is suitable for general lighting in homes and businesses.

Product Overview

3U Compact Fluorescent Lamp

This 3U-shaped compact fluorescent lamp (CFL) is designed for high energy efficiency and a long operational lifespan. Featuring a standard screw base, it allows for easy installation in a wide variety of residential and commercial lighting fixtures. The design provides consistent, bright light output while consuming significantly less energy than traditional incandescent bulbs.

Technical Specifications

Model Identifier

ECO-03

Shape

3U-shaped glass tube

Key Features

Core Advantages

- Energy efficient
- Long lifespan
- Easy installation
- Standard screw base

Application

Ideal Applications

Residential, Commercial, General Lighting
