

4-10T Diesel Forklift

This diesel forklift is capable of lifting loads between 4 to 10 tons. It features a robust chassis, a powerful diesel engine, and a hydraulic lifting system.

Overview

Heavy-Duty Diesel Forklift Series

This versatile diesel forklift series is engineered for demanding material handling tasks in construction and industrial environments. Featuring a robust unibody frame and a high-performance steering system, it ensures durability and maneuverability across various terrains. Operators benefit from a comfortable, ergonomic workspace designed to enhance productivity and safety during extended shifts.

Performance

Load Capacity Range
