Product Overview

Versatile 4-in-1 Cleaning Solution

This bagless multi-cyclone vacuum cleaner offers exceptional versatility with 4-in-1 functionality, allowing for seamless transition between stick, handheld, and extended configurations. Engineered with powerful suction capabilities and a compact design, it ensures efficient cleaning across various surfaces including upholstery and hard floors. The system is designed for ease of use, featuring a mess-free dust container and a lightweight frame that simplifies storage and maneuverability.

Performance Specifications

Suction Power

15 kPa

Suction Pressure

Power Consumption

400W - 800W

Design and Capacity

Dust Bin Capacity

1 L

Key Features

Bagless, Multi-cyclone, Washable Filter, Telescopic Tube, Lightweight

Compliance and Quality

International Certifications

GS • CE • EMC • CB

Manufacturing Standards

- ISO9001
- BSCI
