Product Overview

Professional Abrasive Flap Disc

This 4-inch abrasive flap disc is engineered for efficient grinding, surface preparation, and finishing tasks. Designed with radially arranged abrasive flaps, it ensures consistent material removal while providing a smooth, refined surface finish. It is a versatile tool suitable for demanding applications on metal, wood, and plastic surfaces.

Technical Specifications

Maximum Operating Speed

15000 RPM
Max Speed

Available Grades

Hard • Soft

Diameter	4 inch
Grit Size	80
Model Identifiers	AF1, ZF1, AF1/F, ZF1/F

Usage

Suitable Materials

- Metal
- Wood
- Plastic
