

## 4-Inch C-Clamp with Red Finish

This C-clamp is designed for securely holding objects in place. It features a red painted finish and a 4-inch capacity.

### Product Overview

#### Professional 4-Inch C-Clamp

This 4-inch C-clamp is a versatile and robust tool designed for high-pressure clamping in woodworking, metalworking, and construction environments. Featuring a durable C-shaped frame with a distinctive red finish, it provides reliable stability for securing components during assembly or repair. The integrated screw mechanism is engineered for smooth, precise tightening, ensuring a firm hold for professional trade applications.
