

4 Inch Depressed Center Grinding Wheel

This 4-inch grinding wheel is designed with a Type 27 depressed center. It is suitable for aggressive material removal, weld blending, and surface preparation.

Product Overview

High-Performance T27 Depressed Center Wheel

This T27 depressed center grinding wheel is engineered for superior material removal on metal and non-ferrous surfaces. It features a sharp, efficient abrasive design that excels in grinding grey cast iron, cleaning switchboards, and chamfering edges. Built for both cost-effectiveness and safety, this wheel provides consistent performance across a variety of industrial applications.

Technical Specifications

Abrasive Grade	A / WA
Compatible Materials	Metal, Non-ferrous metals, Non-ferrous alloys, Concrete, Grey cast iron

Performance Metrics

Performance Test Results

Material Type	Grinding Ratio	Performance Result
Stainless Steel	0.12	Wear-resistant
Mid Steel	0.46	Moderate

Available Sizes

Dimensions and Packaging

Dimension (mm)	EAN Code	Qty per Box
100x6x16	M271006M	25 / 200
115x6x22.2	M271156M	25/100
125x6x22.2	M271256M	25/150
150x6x22.2	M271506M	25/100
180x6x22.2	M271806M	25/50
230x6x22.2	M272306M	20/40
